Rose I just saw this for the first time ever can you believe this is the first time I'm seeing his obituary and I'm so upset that that is the only picture they have of him. Can you believe that hell they didn't tell me he died until they called two days before his funeral after he'd been in the hospital for a broke hip for 3 months and caught covid twice and they never called me once and he was like my dad for real only one I ever knew and they couldn't call and tell me he was sick and doing bad over 3 months he was in the hospital before he died. I'll forever be angry behind that but Rose they loved you like you were their own granddaughter and they would be so proud of you and your brothers I love you and miss you guys so much Harry sent me a message they other day but haven't got back to him hit me up at 205-835-2721 I love you so much and miss you
