“ *I miss you so much already Daddy! I've got some hard day's ahead of me but I'm glad I was there with you & you are no longer in pain. We have so many great memories together, you were not just my Dad but also my best friend. I'm so glad that we had the kind of relationship that I could tell you any & everything & you never judged me, just supported me. You were my first love ... I loved you to moon & back, several times. I will see you again ... Rest in peace Daddy \ud83d\ude22*❤️
