“ I have known Ms. Perry all my life as far back as I can remember and she's always been a mild mannered dedicated Christian. I knew her at Seventh Street Baptist Church and from Canaan Baptist Church where she was a regular attending member before her health kept her away. Each Sunday I always seem to glance toward the pew where she sat looking for her even though is has been some time since she was able to attend. I guess I will always look and remember seeing and talking to her on that pew. Many others have come and gone but Ms. Perry is where my eye seems to follow. It was a blessing to have known her.

“ *We are going to miss seeing Granny at her back door and sitting in the sun in the afternoon. She was part of our family and we loved having her so close by. She loved her family so much and her pride in Tyler & Gaines was so special. We have so many wonderful memories of Granny and we will hold them in our hearts forever.*

“ Louise Perry was one of the most beloved people in Jonesboro. I never saw her without a smile, and she always had a kind word for everyone. I always felt encouraged when I saw her at Bessemer Hospital visiting my parents - just seeing her when I walked in the door always gave me a sense of comfort. Jan, Kay and Tyler, you are all in my heart and prayers for peace and strength. I know heaven rejoiced when she arrived, and she was welcomed by so many who have gone before her.

“ Louise Perry was loved by all who knew her. She was a very kind and caring person. My earliest memory of her was when I was in early elementary school. My family didn't have a car, and I had to walk the several blocks to the school each morning - regardless of weather. One morning, I set out in the pouring rain. A car stopped and the driver of the car asked me to get in and she would take me to school. My mother had warned me repeatedly to not get in anyone's car unless I had her express permission, so I thanked the lady, who was quite adamant that I get in out of the rain, but I continued on my walk. I knew the lady was my school friend's mother (Jan Perry Goodwin), but I knew I would be in trouble with my mother if I got in that car. That evening, Mrs. Perry phoned my mother to let her know about the incident. When mother got off the phone, she gave me the OK to ride with Mrs. Perry any time she was kind enough to offer me a ride. After I had grown up, Mrs. Perry and I reminisced and laughed about the incident often. I saw her frequently at the Bessemer hospital, and she always had a smile and something pleasant to say to everyone. Rest in peace, sweet friend. I will never forget your kindness.
