“ I am so sorry for the loss of Ms. Virginia Self, she was like a 2nd mother to me and I love her with all my heart, if you knew her you loved her. It breaks my heart for the family that she is gone to her Heavenly home. She has helped me more than any other person I've loved. She was so precious to me and I will miss her terribly. Rest in sweet peace Ms. Self and may you rest in His hands for eternity. Prayers for family and many, many friends that she had.

“ My heart broke when I heard about Mrs Self's passing - I was lucky to meet and see her beginning with the Elvis Shows with Robert Glass who I worked with. We had many fun shows and visited in between - I often came and visited Pat Payne some times with and others without Robert. Eventho Self was not the fanciest nursing or assisted facility we have been to - the work and love put into it and given the residents was always shining bright - the reputation spread across the county and beyond ---Mrs. Self was always such a stately lady - she would sit quietly in the back during the shows watching the residents enjoying the music and the attention Never seeking any for herself and when Robert might stop and sing to her you knew she enjoyed it but she tried not to stand out. It was one of the favorite places we ever performed because it was like being part of the family there -- I always missed it when I couldn't come help at the shows. The love felt among the workers and residents you knew came from her and her own family and grew from what she had created there - I use to get tickled that she would often try to slip Robert money after the shows just to him so no one else had to know - He always gladly planned to do the show there free out of his love for Pat and Mrs Self. He would visit with the residents there after the shows when he could but he always made time to visit with Mrs Self after the shows to see how she was doing - It was a special relationship of friendship they had === I know from experience lots of people who manage or run similar facilities seem to look for ways to make cutbacks and make money regardless of how it effects their residents - it is just a business for them - Mrs Self it seemed to be more of a ministry, her way of helping others. She will be so missed by all of us that she touched. - I am so sorry I wasn't able to attend the service for her - Prayers are with those who love her!
